

# Beautiful timber tables...

*The Art Deco period remains something of a benchmark* for the contemporary furniture designer.

Simple geometry, an attention to detail and lavishly figured timbers are hallmarks of the style.

Taking its inspiration directly from the classic lyre end design, and applying our 21st century approach to solid timber furniture structures, we arrive at this stylish yet approachable dining table.

Not a reproduction, simply our 'homage' to that period – *still inspiring great design 100 years on.*
