

Beautiful timber ^{extension} tables

Looking for a space saving table?

Our new extension table in exquisite Tasmanian Myrtle is a fine example of our passion for beautiful Australian timbers, innovative design and meticulous craftsmanship. Starting at 2m in length it is a generous and attractive 6 seater. Simply slide out and lift up the two self storing leaves to extend to 2.7m, comfortably seating 10. Surely it is the ideal addition to your apartment, unit or family dining area.

This innovative extension system can be used on most of our pedestal type tables. See it in operation on our web site or, better still, come and try it for yourself!
