

Beautiful timber tables...

Winter is just around the corner!

The log fire is crackling in the fireplace, a hint of wood smoke mixes with the aromas of fresh baked bread, steaming soup and Sunday roast. Friends are enjoying a glass of wine, settling around your beautiful red gum table, their skiing stories being traded with laughter.

Whether you've enjoyed a great day skiing or endured a long working week, dinner with friends is something we all look forward to.

And there's no better place than at one of our beautiful timber tables... creatively designed, passionately crafted, *truly a pleasure to share.*
